LATW2009 will be held in **Buzios**, Brazil. Originally settled by European pirates and slave traders, this happy mixture of many bloods prospered and became a picturesque fishing village. With more than 26 beaches that have a diversity of beauty never seen before, this small peninsula resembles a small island. It's today a sophisticated beach resort with very active night life. Off season **Búzios** becomes a paradise for those who appreciate fine restaurants, arts and ecology. **Búzios** began its up scale resort with **Brigitte Bardot** in the 60's. A statue of Bardot (the photo included in this CFP) is placed at **Búzios** harbour. **Búzios** lies 166 km (102 miles) from **Rio de Janeiro**, a city with a unique landscape and the capital of "**Carnaval**" that happens the week before **LATW2009**. From **Rio de Janeiro** you can reach many other wonderful locations in Brazil.
